## PROFESSIONAL SUMMARY

---

Mobile App Developer with 2 years of experience in building, deploying, and maintaining cross-platform applications. Passionate about crafting scalable, user-friendly apps with clean architecture and strong focus on quality and performance.

## EXPERIENCE

---

### Flutter Developer

May 2023 – Present

*Ceroen Software Solutions*

*Kinfra Techno Industrial Park, Malappuram*

- Solely developed, designed, and deployed 3+ Flutter apps for the company.
- Rebuilt legacy app architecture to enhance code maintainability and scalability.
- Provided direct client support and integrated feedback to improve app experience.

## PROJECTS

---

### Workstair Jobhead | *Flutter, Cubit, Firebase, REST API*

June 2020 – Present

- Architected app using Cubit for state management and integrated REST APIs for data handling.
- Implemented secure login with custom authentication, local auth, and persistent sessions.
- Used Firebase Remote Config for forced updates and phased feature rollouts.
- Integrated GPS and offline SQLite storage to support location-based tasks and offline functionality.

### Docstair | *Flutter, Bloc, Firebase, REST API*

- Rebuilt the Docstair web app as a mobile clone, maintaining feature parity.
- Enabled multi-theme support and dynamic forms driven by API responses.
- Integrated document/image uploads using camera or file picker with API connectivity.
- Applied Domain-Driven Design (DDD) for a clean, scalable, and maintainable architecture.

### TeaTally (Hobby App – In Development) | *Flutter, Firebase Firestore, Google Auth*

- Built with Firebase Firestore for real-time syncing across multiple devices.
- Integrated Google Sign-In for secure, user-friendly authentication.
- Designed an intuitive UI focused on collaborative tea session tracking.
- Emphasized responsive design and real-time data flows using Firestore streams.

## EDUCATION

---

### Calicut University , National College of Arts And Science

Calicut

*Bachelor of Computer Applications (BCA)*

*2020 – 2023*

## TECHNICAL SKILLS

---

**Languages & Frameworks:** Dart, Flutter, Firebase, SQL

**Libraries & Tools:** Dio, Freezed, GetIt, AutoRoute, Injectable, Sqflite

**State Management:** Bloc, Cubit, Provider

**Architecture & Patterns::** Clean Architecture, MVC, MVVM, DDD

**APIs & Backend::** REST API Integration, Firebase Auth, Firestore, Firebase Storage, SQLite

**Tools::** Git, Android Studio, Xcode, VS Code, Play Console, App Store Connect, CI/CD, Agile Development
